

Campbelltown Road Upgrade

Camden Valley Way to Brooks Road

Transport
Roads & Maritime
Services

APRIL 2013

Roads and Maritime Services (RMS) is planning for the future upgrade of Campbelltown Road in conjunction with the development of Sydney's South West Growth Centre.

The concept design and review of environmental factors for the upgrade of Campbelltown Road from a generally two-lane road to a four-lane divided road will be on display for your comments until **Monday 13 May 2013**.

Background

Campbelltown Road is around 13.5 kilometres long. It will be one of the main road transport corridors servicing the South West Growth Centre.

Traffic will grow in this area due to residential and commercial development in the South West Growth Centre and nearby areas. RMS is currently planning to upgrade approximately 5.4 kilometres of Campbelltown Road between Camden Valley Way at Casula and Brooks Road at Denham Court.

The upgrade would be undertaken in stages, in conjunction with the development of the Edmondson Park precinct.

Community information sessions

Project team members will be holding four community information sessions. Please feel free to drop by and ask some questions. The information sessions will take place at:

- **Narellan Town Centre**
326 Camden Valley Way, Narellan
