

Scenic Hills Petition

To: NSW Premier Kristina Keneally, NSW Minister Tony Kelly (Planning/Infrastructure), NSW Minister David Campbell (Transport & Roads):

We, the undersigned, wish to preserve the Scenic Hills region of Campbelltown on the South West outskirts of Sydney as expressed in the Campbelltown Local Environment Plan (LEP) – District 8 (Central Hills Lands). We are deeply concerned that there are two plans underway that are contrary to the zoning and/or objectives of that zoning but whose proponents are seeking/have sought the approval of the NSW Government in order to proceed:

1. **Australian Gas Light Company (AGL)** is seeking approval from the NSW Minister for Planning to put gas extraction wells, gas gathering pipelines and a gas extraction plant into the area zoned Environmental Protection (Scenic) at Varroville under Part 3A of the Environmental Planning and Assessment Act 1979 (Application No.09-0048);
2. **The NSW Roads and Traffic Authority (RTA)** has sought and gained approval from the NSW Minister for Transport & Roads to put a major heavy vehicle rest area at Varroville adjoining the area zoned Environmental Protection (Scenic) at Varroville.

Both plans will adversely affect the viability of the Scenic Hills region, and the quality of life of the surrounding residential, religious, and heritage communities. They will also degrade the environmental, historic, cultural and spiritual values of the area. We ask that the wishes of the community, as reflected in the current Campbelltown LEP, be respected and that approval of both projects be denied (AGL) and/or withdrawn (RTA).

Scenic Hills Petition

1.	Apr 23 2010	David Campbell	Curran Hill	
2.	Apr 23 2010	Jacqui Kirkby	Varroville	
3.	Apr 23 2010	Jocelyn Kramer	Varroville	
4.	Apr 23 2010	Dorothy Robinson	Mt Riverview, NSW	I believe this development is totally inappropriate. I have been a regular visitor to Varroville for over 30 years and I am very upset to learn of this proposal.
5.	Apr 23 2010	Peter Gibbs	Varroville	Shameful desecration of an area strongly protected for thirty five years. This area is regarded as the Centennial Park of the Southwest and therefore untouchable.
6.	Apr 23 2010	Maria Wilson	Varroville	I am against the development for AGL. Surely there is an area for this away from residential homes and the scenic hills for this type of development. As far as RTA goes this will cause more noise and pollution with the stopping and starting up of the trucks. Can this truck stop be put in an area where there are no residential homes nearby.
7.	Apr 23 2010	Elizabeth McGuire	St Andrews	In addition to this environmental vandalism, the Heavy Vehicle Rest Area will cause a very dangerous area on a road we have waited so long to have upgraded. The rest area should be located south of Narellan Rd before the traffic from newly developing areas joins the road. The Government has helped fund the widening of the road with additional on and off ramps only to undermine all of this work by approving a Heavy Vehicle Rest Area right in the middle of the busiest and most dangerous section of road. The decision is beyond comprehension.
8.	Apr 23 2010	John Chew	Campbelltown	I support a plan to preserve this residential suburban green buffer and environmental preserve over proposals to install a heavy vehicle rest area and a gas power plant.
9.	Apr 23 2010	Jeanne Villani	Sydney	Have the people who plan to desecrate this beautiful area ever been there and seen what they are proposing to destroy - shameful!
10.	Apr 23 2010	Lea McLachlan	Kearns NSW	This proposed AGL development will devastate our beautiful area. Too much pollution, too close to schools, too close to families. At what cost? Our health? Macarthur SAYS NO!
11.	Apr 23 2010	Alan Baynham	Central Coast	An Environmental Protection Zone denotes an area that should be protected. It is beyond belief that this area is even being considered for industrial activity. Future generations will rage at the ignorance of this proposal.
12.	Apr 23 2010	Maria Cindric	Raby	I strongly object to the AGL development. The impact on the health of local residents and the pollution this will contribute to an area already experiencing levels above national safety standards.

14.	Apr 23 2010	Peta Joanne Street	Eschol Park	
15.	Apr 23 2010	patricia shepherd	st.andrews	I strongly object to AGL development. They should leave nature the way it was meant to be .Leave scenic hills alone.
16.	Apr 23 2010	Naomi Simpson	Roseville	Have family living right next to this proposed site!
17.	Apr 23 2010	Katherine Knight	Teloepa	Scenic Hills is a precious Sydney asset. Please CONTINUE its PROTECTION. I admire AGL's focus on alternative energy sources, but not to the destruction of an area already zoned Environment Protection and with such cultural, spiritual and historic values.
18.	Apr 23 2010	James Bell	Goulburn	I travel through this area each week and value it's heritage and aesthetic importance. Lets not lose more of our valuable open space, particularly space of such historic significance. Sincerely James Bell
19.	Apr 23 2010	Glenda Kirkby	St. Ives	How can we justify the destruction of yet another significant heritage area - our government apartments need to be accountable to the people of the state. Hear our voices.
20.	Apr 23 2010	Sue Kelly	12 Hawkins Pde Blaxl	
21.	Apr 23 2010	rosemary breen	Inverell	We need protected zones that ARE protected. Future generations will thank you if you have the strength to withstand the AGL petitioning.
22.	Apr 23 2010	Roberta Dormer	Gold Coast	I have been visiting my sister in Raby for the past 25 years and to put a gas plant so close to residential properties has the potential for a disaster and damaging the environment is unacceptable.
23.	Apr 23 2010	Anita Riley	Raby	I strongly oppose these 2 proposals for the scenic hills. They will greatly affect the quality of life of the residents in the surrounding area. Residents who are expected to abide by the Scenic Hills Protections Order when it comes to development, yet big corporations can just come in and disregard everyone else.
24.	Apr 23 2010	Florence Iorfino	Varroville NSW	

Scenic Hills Petition

25.	Apr 23 2010	Elisabeth Peeters	Kirchzarten/Germany	
26.	Apr 23 2010	Jacqueline Milne	Robertson	The Scenic Hills are part of the rich and important history of Campbelltown. The green belt of the hills is a prized asset to preserve and protect not to exploit and destroy.
27.	Apr 23 2010	Greg Johnston	St Andrews	Our family moved here 22 years ago to look into the Scenic Hills, not a truckstop and gas plant. Our votes will go to whatever party decides to stop this nonsense.
28.	Apr 24 2010	Laurie Bissett		
29.	Apr 24 2010	Johny Arattukulam	Varroville	Let God's will be done!
30.	Apr 24 2010	Belinda Mitrovich	Castle Hill	As a regular visitor to this area I ask that the needs of the community and wider population are heard and respected. The south west is already undergoing massive change and development as Sydney expands, and as this continues government should recognise the legitimate need for communities to have green space & a connection to the area's history - this is not easily replaced. We need to think about long term benefits not just short term gain.
31.	Apr 24 2010	Michael Barbato	Kiama	As an occasional visitor to the Carmelite sisters at Varroville, I greatly appreciate the need to preserve the peace and ambience of the Scenic Hills for all those who live there as well as those that visit or attend spiritual retreats.
32.	Apr 24 2010	Lauren Eagles	St Andrews	
33.	Apr 24 2010	Vicki Eagles	St Andrews	I am appalled at the idea of placing a gas plant so close to schools and residential properties!
34.	Apr 24 2010	Katherine Jones	Eschol Park	
35.	Apr 24 2010	Norvin Roma	St. Andrews	What is then an Environmental Protection Zone if it doesn't apply to areas like the Scenic Hills? I strongly oppose to the proposed AGL's gas extraction plant and approved RTA's truck stop in Varroville.
36.	Apr 24 2010	kelly jones	eschol park	
37.	Apr 24 2010	Vivien Simpson	Robertson	
38.	Apr 24 2010	Margie Flint	Grasmere	I vehemently oppose the proposed AGL's gas extraction plant and approved RTA's truck stop in Varroville. It's time the Govt listened to the people and NOT to the developers. I've had enough of this pathetic Government.
39.	Apr 24 2010	karen potter	campbelltown	

Scenic Hills Petition

40.	Apr 24 2010	Andrea Schoenheimer	Ashmore Qld	Environmental Protection Zoning must apply to everyone including business. Sydney is already highly polluted with green space at a minimum so this last area of the Scenic hills must be protected.
41.	Apr 24 2010	Myra Godfrey	Raby	I have lived at Raby for 22 years and I moved here to enjoy the Scenic Hills. I am opposed to the proposed gas plant and the RTA truck stop. These hills are a zoned protected and should be left untouched by any development.
42.	Apr 24 2010	Stuart	raby	As a resident in the area for more than twenty years, I was shocked and outraged at the news of this proposed development by AGL. If the story which has been printed in both our local papers is anything to go by, there are a lot of secret deals being made by big business and a few select power brokers behind closed doors.
43.	Apr 24 2010	Tracey Chenoweth	Raby	We do not want this here, this a young family area, please think of the kids not the money..
44.	Apr 25 2010	Peter Lewis	Roseville, NSW	The NSW State Government must stop abusing local area democratic rights. Listen to the people!
45.	Apr 25 2010	Chris Lewis	Roseville, NSW	Stop over-development in the Sydney region. Keep the green belt and respect the LEP, and Heritage Listed sites.
46.	Apr 25 2010	Maggie Chambers	North Sydney	The Scenic Hills are a precious reminder of our colonial past. The landscape and the remnant colonial buildings must not be threatened or destroyed by powerful groups such as AGL and RTA or by individuals seeking personal gain. Once developed, it will be gone forever.
47.	Apr 26 2010	Annette Brown	Campbelltown	
48.	Apr 26 2010	Barry Moore	St Andrews	No development in Scenic Hills
49.	Apr 26 2010	Daniel Lewis	Raby	Leave the Scenic Hills alone
50.	Apr 26 2010	mr leslie shepherd		
51.	Apr 26 2010	Len Williamson	Varroville	Not here! Not now! Not ever!
52.	Apr 26 2010	Katrina Hobhouse	Campbelltown	The Scenic Hills is an environmental protection area. A truck stop would contravene a major objective of the Scenic Hills while an AGL Gas Treatment Plant located in the Hills would be contrary to the zoning. Such projects should be located in designated industrial areas and not in historic, rural or environmentally-sensitive areas.
53.	Apr 26 2010	Gary Hudson	KEARNS	It is a well known fact that the air quality in the Campbelltown area is not of the same quality as

				other Sydney environs. This project will have a further negative impact on our community. Please do not tamper with the quality of life for our children.
54.	Apr 26 2010	Amanda Godfrey	Eagle Vale	
55.	Apr 26 2010	Jennifer Collins	St Andrews	How dare you even consider tearing apart the last green belt in this area. Our quality of life will be destroyed by this truck stop and gas plant. If this goes ahead don 't even consider re-election on the strength of this electorate.
56.	Apr 27 2010	Laura Iorfino	Varroville

63.	Apr 27 2010	Geoffrey Britton	Zetland	
64.	Apr 27 2010	Luke Fuda	Leumeah	
65.	Apr 27 2010	Karen Wright	Mount Carmel School	We need to make it very clear that we do not want this next to our school. It is irresponsible to think that this would ever be an acceptable location between two schools and religious communities.
66.	Apr 27 2010	Catherine Graham	Mount Carmel School	
67.	Apr 27 2010	Roger Powell	Leumeah, NSW	The Scenic Hills area is an inappropriate place for a gas refinery.
68.	Apr 27 2010	Kevin Harpley	Varroville	Mt Carmel High School Teacher.
69.	Apr 27 2010	Alexis Dailey	Eschol Park	The very reason we bought a house in this area was to enjoy the "scenic hills"; do not destroy them!!
70.	Apr 27 2010	Emily Davis	Varroville	

Scenic Hills Petition

71.	Apr 27 2010	Kristina Owen	Mt Carmel School	Students should not attend a school in such close proximity to a truck stop and gas plant. Lets preserve and protect this beautiful environment and conserve the green areas remaining. The local community have every right to be heard.
72.	Apr 27 2010	Lisa Skola	Raby	I have lived in this area for 27 years it is important to save the scenic hills.I am tired of the government trying to destroy our beautiful area. I don't even have gas. if this is meant for the Camden area let them have it.
73.	Apr 27 2010	John Skola	Raby

78.	Apr 27 2010	Michael Quinn	Mount Carmel School	
79.	Apr 27 2010	John Ptrick Kelly	Mt Carmel High Schoo	The Scenic Hills have been defined exactly for this reason - they are a green reserve surrounding our area that are protected from commercial and industrial development to allow a scenic vista and a healthy green belt. A gas processing plant and a truck stop are completely contrary to this definition.
80.	Apr 27 2010	Jennifer Adams	Mt Carmel High Schoo	
81.	Apr 27 2010	Lynette Willis	Mount Carmel School	
82.	Apr 27 2010	Kristina Rombi	Eagle Vale	This idea is crazy! There is already sooo much infrastructure in Campbelltown that has destroyed our wonderful natural environment. This cannot go ahead. If you try to enforce this and don't listen to what the people want you will be in for a tough battle!! Just because you don't live in Campbelltown doesn't mean you have the right to destroy where other people live. Use the brain God gave you its there for a purpose. Please show that you can be a reasonable policitian and not a complete oblivious idiot to what is truly important.

83.	Apr 27 2010	Clarissa Pearce	Mount Carmel High	
84.	Apr 27 2010	Claudia Patten	Eagle Vale	Please don't let this happen to the people of Campbelltown. Why is our insatiable appetite for energy clouding our reasoning to protect the already delicate environment.
85.	Apr 27 2010	Elise Jane Markus	Varroville	I work at Mt Carmel High School and having this built near a place where young adults breathe and develop- it's just not wise. Please do not build this at such a beautiful and serene location!

90.	Apr 27 2010	Diane Redmayne	Mt Carmel High	I have treasured the scenic hills area since moving into the area in 1983 and am saddened to think that politicians and business should want desecrate this area and over ride the wishes of the local citizens. Children need a nurturing environment in which to grow and learn - we teach them about caring for the environment and integrity- where are our role models in state leadership??
91.	Apr 27 2010	John Rombi	Eagle Vale	We're constantly told that S/W Sydney (Macarthur area) has the worst pollution in the Sydney basin. We're losing our Scenic Hills to devolopment. Kristina Keneally (as planning minister) ok'd the Power Plant just south of Campbelltown in a beautiful rural area.....and now the Gas Plant. If we ever build Nuclear Reactors, I'm sure Macarthur will be chosen for the radio active waste..... Not only save The Scenic Hills, but save Campbelltown!!

I live in close proximity of the hills, and am saddened to think that through Politicians (who don't live in the area) they could contemplate such infrastructure! I enjoy this area as it is away from all the hustle and bustle of City life! People are raising their kids here, there is a school nearby; this is just ludicrous! I could only imagine that medical expenses would increase due to people

The government says children are the future, and yet they seem to be able to contemplate placing a gas plant and allowing heavy vehicles in close proximity to a school. The area is had enough to get through at peak times, trucks are just going to make it harder. With such a bottle neck, someone will be killed. Trucks and cars don't mix. 463.	Apr 29 2010	Margaret Sheppard	Sydney-Varroville	To go ahead with such development as proposed for this area would be disastrous - surely some areas which are beautiful should remain so! Please leave the area alone!!
464.	Apr 29 2010	Chloe Mahoney	Varroville	i do not think that the plant is safe for anyone especially a school environment think of all the lives that could be put in to trouble especially for the ill . As well the environment could be impacted strongly. Overall i feel that there was not enough thought put in to the plan of the gas plant. I feel that we live in a democratic society and we didn't have a right of speech when this plan was thought of. So where is the equality in that.

539.	Apr 29 2010	Les Walters	Newcastle	The noise from the F5 at St Andrews and Varroville is already intolerable...truck drivers constantly use their noisy "Jake Brake" at all hours. To have constant accelerate/decelerate noise in addition will make the Carmelite Retreat Centre un-viable. Please relocate the truck stop to a more remote area. And why has the public been given such little time to comment on the proposal? This seems like a sneaky and smelly strategy to get the deed done before consultation with affected citizens. We already impact on the environment enough and taking over this area to make a new road is a waste of money and trees. If it was up to me, there would be more trees planted and a sign that said 'Private Sanctuary' not 'Knock me down, Im useless'. We need the trees to survive! If people are so damn lazy that they cant stop on the side of the road, then they shouldn't be driving. I am 16 and I say this is completely wrong. I want to go to Scenic Hills and show them what nature is!
604.	May 1 2010	Kat Thornton	Ruse	To have such a loud and dangerous plant close to schools, residents and a spiritual center is disgraceful. 616.	May 1 2010	Dennise Evans	Bow Bowling	A gas plant located within close proximity to a school will have a negative impact on the health and subsequent learning of the pupils at that school. The surrounding suburbs will also be adversely affected by poorer air quality. Company profits should never be put before the health and well being of people.

628.	May 1 2010	Liz& Steve Climpson		
629.	May 1 2010	Jarrad Climpson	MCHS	I would also like to add the negatives of a gas plant near Mount Carmel High School Varroville: Air pollution, natural wild-life endanger, respiratory infections (pneumonia, bronchitis ect.), headaches, nausea, allergic reactions. Long term effects could be: Lung cancer, heart disease and damage to the brain. These are all the negatives that could possibly happen if a gas station is put up near Mount Carmel High School
630.	May 1 2010	Iris Kennedy	Sydney	The region of the scenic hills is a beautiful peaceful place...who would even consider a Gas Plant....please leave us this area to enjoy, and our childrens children
631.	May 2 2010	Kurina-Lein Bautista	mount carmel	
632.	May 2 2010	Justine Binny	St.Andrews	Isn't it ridiculous that such a beautiful area that is home to some majestic horses and amazing flora is going to be destroyed by the implementation of a hideous and environmentally unfriendly gas plant and truck stop? Not to mention that the effects of the expected fumes and pollution (noise, air) will directly effect the church, school and nearby homes. What about Saturday soccer down at Koorungal fields? How can you expect children to play and families to stand and watch whilst trucks breeze past and gas is directly emitted into their environment?
633.	May 2 2010	Mary Whittam	Wynnum Qld	I go frequently to Mt Carmel retreat centre for the quiet and solitude it offers. Please do not disturb this beautiful peace which is offered to many retreatreants from all over Australia and the Pacific.

St Andrews and surrounding suburbs are already suffering from the pollution caused by nearby industries especially from Pilkington. The gas extraction plant will make it worse. Also, the area they plan to put it is on the best scenic spot in Campbelltown, the Scenic Hills. The reason why living in this area appealed to us was because of the wide open space and the green hills.

829.	May 8 2010	Martin Robinson	Bow Bowing	We would expect a Labor government to be sympathetic to the wishes and needs of people in a Labor seat. Otherwise, why do we vote Labor? The Scenic Hills have come under assault many times in the 30 years I have lived here. Don't let developers and business interests take precedence over the Planning guidelines established for this area. We do not wish to see this proposal become another "State Significant" development as have many proposals in the past. There is no such thing as a "safe" Labor seat and I, for one, have a good memory.
830.	May 8 2010	Jennifer Thompson	Ruse	The Scenic Hills should be left alone. The Scenic Hills are part of Campbelltown and should kept green.
831.	May 8 2010	Logan Lawson	mchs	This is mean to the people that go to mount carmel or for the people who have to go past it every day! I SAY : NO GAS PLANT !!

SOO STOP THIS IDIOTIC THNG AND THINK!!!!

834.	May 8 2010	Elke Cooper	Ingleburn	I have lived in the Ingleburn area for over 20 years. The Scenic Hills are an integral part of our community -- both asthetically and environmentally. They contribute and protect our way of life. It would be criminal to develop them in any way.
835.	May 8 2010	Janet Peacock	St Andrews	Sydney is rapidly losing its green space. The Scenic Hills are a supposedly protected area and must be maintained for future generations to enjoy.

844.	May 9 2010	Jacob McHutchison	Macquarie Fields	I go to Mt Carmel High School and i dont want to see future generations at Mt Carmel. It is a Stupid plan because the area of Campbelltown is in a basin. Therefore smoke and fumes linger in the air which is highly dangerous. Campbelltown has a high rate of asthma and plans like these are a major contributor

850.	May 11 2010	Robyn Rashleigh	Eagle Vale	The destruction of scenic places and places of quite within our environment is short sighted. We need them for our sanity. Isn't our air quality bad enough already out here? So many of our children have asthma, and adults also have medical issues relating to the "bowl" that Macarthur is, attracting pollution from other areas, as well as the local over abundance of factories.
851.	May 11 2010	Leslie Miller	Glenfield	Which stupid politician had nothing better to do than dream up such a stupid objective as to build a gas plant so close to a school. Any leakage inhaled by pupils could cause serious brain damage to them...thus impairing their learning ability. Apparently the one who thought of this objective has already inhaled some of the gas.
852.	May 11 2010	Brian O'Brien	Campbelltown	The proposal is an insult to the people of this region.
853.	May 11 2010	Nadine Navarro	Bow Bowing NSW	AGL should NOT be allowed to have gas pipelines & extraction in this area which has already high pollution. There will be high gas extraction accidents for residents & high school students in the area.The Scenic Hills allows us to breathe fresh air.
854.	May 11 2010	Apolinario Navarro	Bow Bowing NSW	Say NO! to AGL & heavy vehicle rest area at Varroville and help keep residents in this area healthy. NO to pollution; NO to noise; NO to dangerous gas explosions; and NO to destruction of Scenic Hills and our environment.
855.	May 11 2010	K Navarro	Bow Bowing	NO to AGL gas plant & NO to heavy vehicle rest area near my school (Mt Carmel High School)and church (Mt Carmel Church)...
856.	May 11 2010	Ken Navarro	Bow Bowing	A lot of kids and young people play soccer/football at Kooringa Reserve, St Andrews Rd., Varroville. Let them exercise, be healthy, and enjoy fresh air without the pollution. These kids' lives are important & should not be subjected to risk of gas leaks and explosions.
857.	May 11 2010	Kirsten Navarro	Bow Bowing	NO to AGL. Keep our Scenic Hills area green and clean. Preserve our Scenic Hills environment and our residents' health. Don't let business dictate our lives; business should only be a small part of 'Life'!
